EXPERIENCE

Island Sound, St. Simons Island, GA — Sales Specialist/ DJ

February 2016 - May 2016

Before starting at the Iron Yard, I worked for a DJ company in my hometown. It was a great experience as it helped polish public speaking skills. Being responsible for a couple's big day is a huge responsibility, and it was very rewarding.

Sea Island Company, St. Simons Island, GA — Valet

February 2014 - January 2016

Here I gained experience maintaining the Forbes 5-star level of service. Learned to communicate with a team in high intensity scenarios.

EDUCATION

The Iron Yard, Greenville, SC — Front End Engineering Certificate

May 2016 - August 2016

While attending the Iron Yard, I learned all of the basics and crucial tools needed for building awesome applications and websites.

Glynn Academy, Brunswick — Diploma

August 2007 - May 2011

Went to high school in the downtown area of Brunswick. Where I was in Model U.N and the Latin club.

PROJECTS

SlideShow — The Iron Yard: Final Project

For my final project, I worked with Arkiver, a startup in Greenville. They let me use their API to build a custom application. I also integrated Soundcloud's API to give users the ability to play any song they choose while their slide show is playing.

SKILLS

- HTML5
- CSS3
- Bootstrap
- SASS
- JavaScript
- jQuery
- Backbone
- React
- Yeoman
- NPM
- Git
- GitHub
