EXPERIENCE

Island Sound, St. Simons Island, GA — *Sales Specialist/ DJ*

2016

Before starting at the Iron Yard, I worked for a DJ company in my phometown. It was a great experience as it helped polish public speaking skills. Being responsible for a couple's big day is a huge responsibility, and it was very rewarding.

Sea Island Company, St. Simons Island, GA — *Valet*

2014 - 2016

Here I gained experience maintaining the Forbes 5-star level of service. Learned to communicate with a team in high intensity scenarios.

EDUCATION

The Iron Yard, Greenville, SC — *Front End Engineering Certificate*

May 2016 - August 2016

While attending the Iron Yard, I learned all of the basics and crucial tools needed for building awesome applications and websites.

College of Coastal Georgia, Brunswick, GA — *Political Science*

Continued majoring in Political Science until I decided college was not in my best interest at the time. Began pursuing other interests while I was still young enough to do so.

Valdosta State University, Valdosta, GA — *Political Science*

Attended Freshman year at Valdosta State where I was in the Kappa Sigma Fraternity.
